## **RENEWABLE ENERGY PROJECT ELIGIBILITY**

Renewable Energy Projects/POAs that started their original crediting period after 24/01/2020, must be:

- Located in a Least Development Country (LDC), Small Island Developing State (SIDS), a Land Locked Developing Country (LLDC) or conflict zone.
- Located in a low income or low middle-income country where the penetration level of the proposed renewable energy technology type is less than 5% of the total grid installed capacity, at the time of the first submission to preliminary review.
- Not covered by either of the above two conditions but are exceptional in circumstances, such as serve impoverished beneficiaries at preferential rates or where the project technology proposed is not common practice. These will be reviewed on a case-by-case basis.
